JOBS WITH YOUTHBUILD KATRINA!:

Below is a wonderful opportunity for anyone that might be looking for a

job and is committed to helping rebuild communities that have been impacted by Hurricane Katrina. They will be hiring 11 new staff members

> YouthBuild USA recently received a one year grant from the Corporation for National & Community Service to fund a project to help build or rebuild up to 300 homes in the small community of North Gulfport, on the Mississippi coast, that was devastated by Hurricane Katrina.

The YouthBuild Katrina Rebuilding Project is comprised of two parts, a permanent residential corps of YouthBuild graduates who reside in North Gulfport for 12 months (the "Graduate Corps"), beginning June 2006, and 350 current YouthBuild AmeriCorps members who rotate in for two-four week shifts in groups of 35-45 (the "National Teams").

There will a construction program during the weekdays, and a residential education and living program in the evenings and on weekends.

We will be hiring 11 new staff to run the Katrina Rebuilding Project in Gulfport, MI. Time is of the essence. We need your assistance in recruiting and recommending quality and skilled staff for this important project, to be in place in Gulfport by June 1! This is an ambitious and challenging project. The staff who manage it have to work in demanding conditions, while caring for the well-being and development of the young adult participants, while providing disaster relief through construction.

> Positions include:

Project Director

Program Directors

Program Coordinators

Construction Managers

Administrative Manager
