Repositioning Europe and America for Growth

The Role of Governments and Private Actors in Key Policy Areas

The contributions of this volume are based on the colloquium “Repositioning Europe and America for Growth: The Role of Governments and Private Actors in Key Policy Areas”, held by the Transatlantic Policy Consortium.

The 16 provocative papers analyze and compare approaches of collaborative governance, co-production, and traditional command and control to current policy issues in key policy areas. The volume provides a unique insight into these problems from a European and US perspective.

Dr. Eberhard Bohne is Professor of Public Administration, Policy and Law for Environmental Protection and Energy at the German University of Administrative Sciences Speyer, Speyer, Germany.

Dr. Charlie Karlsson is Professor of Economics, Associate Dean of Education and Director of CISEG and INA at the Jönköping International Business School, Jönköping University, Jönköping, Sweden.
