

## Indiana University Department of Physics Spring 2012 Tutor List

The Department of Physics does not recommend one student over another for tutoring. All names on this list are Physics Graduate Students and are capable of tutoring. Students wishing to hire a tutor should do so by contacting a tutor from the list below and making mutual agreements for services.

An A.I. assigned to a particular course shall **NOT** provide paid tutorial help to students currently enrolled in that course, even if they are in a different lab or discussion group.
