Public Pay Phone Models

Payphone TTY models

- This low profile TTY may be mounted on an existing pay phone shelf with any available flat surface measuring 9.5" W X 8.5" L X 1.25" H. The high-tech, stainless steel unit consists of a vandal-proof, sealed keyboard (to resist spilled liquids); bright, 16-character display screen; call progress indicator. This is a direct-connect TTY that is hard-wired through the tip and ring terminals of the public telephone. Simply turn the power on press any key to turn power on and proceed with the TTY call as usual.
- Approximate price: \$599.00 to \$849.00.
- Krown Manufacturing
3408 Indale Road
Fort Worth, TX 76116
Phone: (817) 738-2485

Public TTY Series

- Motorized models offer maximum protection from vandalism. The stainless steel TTY keyboard remains protected in a metal drawer until a TTY call is placed. The drawer opens automatically when another TTY answers and closes again when the call is finished. For installations with less traffic, the durable shelf-top model (ST120) is ideal. It's easy to install for either acoustic or direct connect use, and has on-line help to assist users. It has a 1-line, 20-character vacuum fluorescent display. The shelf-top Public TTY can be used as an acoustic TTY using the payphone handset or it can be connected directly into the telephone line.
- Approximate price: \$699.00 to \$1,500.00.
