Shaded areas indicate record highs. Record-high figures are based on data available (generally beginning in 1972).

*Prior to 1984, the official cut-off date had been the end of the third week of classes.

**Beginning Fall 2009, Kelley Direct MBA students are enrolled at the Bloomington campus. There are 970 students enrolled for the Fall term as of 9/5/2011.

***Full-time represents the traditional Bloomington campus definition and will not match figures from University Student Services and Systems.

In this report, Kelley Direct are counted as part time.

****Beginning Spring 2005, students can be enrolled in multiple careers. This year, there are 6 MBA/LAW students, counted once under each school. The campus total by school is influenced by these 6 students to reflect multiple careers and consequently does not match the campus total for a unique student headcount.

*****Beginning Spring 2010, ethnicity/race data are collected and reported using a new IPEDS structure. The minority share is calculated as the share of all US minorities, including the category '2 or More Races'.
