# Minitab<sup>®</sup> 16 for Windows<sup>®</sup>

Installation Instructions

Indiana University

This program is an annual lease. The expiration date is printed on the CD. Once the program expires, and you wish to continue to use Minitab, you will need to purchase a new CD, uninstall the old Minitab, and install the new one. You need to go through the uninstallation using the Add/Remove Programs in the Control Panel.

## Installing Minitab 16

**Note:** Replace D: and C: below with the appropriate drive location.

1. Insert the CD into the CD drive. If installation does not start, click on Start>Run. Type D:\setup.exe and click on **OK**
2. Click on **Next**
3. Accept the License Agreement and click **Next**
4. Accept the default installation location by clicking **Next**
5. Click on **Install**

6. Click **Finish** when the installation is completed and remove the CD. You may be required to reboot your machine.

### **After installation, software must be licensed.**

The process described below need only be done once.

1. Double click on the Minitab icon or by going to

Start>Programs>Minitab > Minitab 16 Statistical Software

2. A window titled Find License will appear.
  3. Select the second radio button "Specify the License File."
  4. Browse to `minitab.lic` that is located under `C:\Program Files\Minitab\Minitab 16`. And then click **Open**.
- Minitab will now be licensed.

You may find basic information from the `Help / Tutorials` drop-down menu. The `Assistant` (`Assistant` from the drop-down menu) is a new feature of Minitab 16. It enables users to find the right statistical tools, run analyses and interpret output.
