SPSS[®] 18 for Windows[®]

Installation Instructions

Stat/Math Center
Indiana University

This CD can be installed on up to two computers that are used by a single user. Once SPSS has been installed and authorized twice, the authorization code is no longer valid and the CD cannot be used for further installations.

If you need to install SPSS **on additional computers, you will need to purchase another copy of the program.**

This program is an annual lease. The expiration date is printed on the CD sleeve. Once the program expires, and you wish to continue to use SPSS, you will need to purchase a new CD, uninstall the old SPSS, and install the new one. To uninstall the old SPSS, from the Start menu choose `Settings` and `Control Panel`, and double-click `Add/Remove Programs`.

We have detailed installation instructions on our Web site. We **strongly** encourage you to read through these instructions **before** installing the software. To see installation screenshots, visit <http://www.indiana.edu/~statmath/stat/spss/install>

Installation

Minimum system requirements:

- Microsoft® Windows XP (32-bit version), Windows Vista® (32-bit and 64-bit versions), or Windows® 7 (32-bit and 64-bit versions)
- Intel® or AMD® x86 processor running at 1GHz or higher
- 1 gigabyte (GB) of RAM or more
- 1 GB hard disk space
- CD-ROM drive
- SVGA (800x600 resolution)
- Network adapter (recommended)

Log in to your computer with administrator privileges and verify that the system date is correct.

Insert the CD into your CD-ROM drive, and then follow the installation instructions that appear on the screen.

If installation does not start, choose Run from the Start menu and type `D:\setup.exe` (replace D with the appropriate drive location).

Be sure to select `Single-user License` as the license type. After installation, launch the License Authorization Wizard to obtain a license from SPSS Inc.

Do not change the system date and time. For problem solutions, visit <http://www.indiana.edu/~statmath/stat/spss/solutions.html>

Patches

SPSS Inc. issues fixes for various bugs discovered after the initial release of an SPSS product. Check the following page for updates:

<http://www.indiana.edu/~statmath/stat/spss/patches.html>

Getting Help

The UITS Center for Statistical and Mathematical Computing (Stat/Math Center), Indiana University at Bloomington, provides e-mail, phone, and walk-in consulting for SPSS users within the IU system (all eight campuses).

Stat/Math Center maintains several electronic documents relating to SPSS. Please visit <http://www.indiana.edu/~statmath/stat/spss>
