

Board Notes – February 2011

The University Club met on February 11, 2011. Some exciting things have been happening. New carpet has been installed in our Faculty room. New televisions along with the carpet made our Club even nicer for events-- just in time for the big Super Bowl party of 2011. Since the next Super Bowl will be played in Indy (hopefully with the Colts) we are planning on a really big party.

Now that we can get out and about much easier in the better weather please come to see us at some, or all, of the upcoming luncheons. Don't forget to invite your friends and neighbors (relatives too). We always welcome new members. The Annual Meeting will be on March 22, 2010. We will be hearing all about the coming big plans for Indianapolis hosting the Super Bowl. Your University Women's Club will be having their spring luncheon in April; and it will be a silent auction as well as a live auction. It will be "Fashions by Chico's". We are asking our members to donate an item for the silent auction. Proceeds go for the Club's scholarship fund. You can let Barb know if you are able to donate.

Have you checked out all of the classes being offered by IU Bloomington Continuing Studies? We have posted some of the classes in the Newsletter. Think about taking a course or two.

This is one lady who joins you in being happy to see winter come to an end. Hope to see you soon.

Sondra Woodhouse, President
University Club of Indiana University
